Address:

Saint Ann, Saint Ann

Price:

50.00 \$

I am selling a vintage 1978 Pioneer CT-F500 Cassette Deck. It has been tested and has some functionality, but it will not spin the tape when I hit play. It will rewind and fast forward the tape, though. This is a perfect deck for someone who may have a little more knowledge than I do regarding how to fix up vintage decks, and it really is neat to look at. It is very clean and otherwise in excellent physical condition. I would like to get \$50 OBO. I am open to negotiation. Serious Inquiries only. POOS. Cash only, no negotiating in person, and I'd prefer to meet by my house in St. Ann. Respond to this post or inbox me if interested. Thanks a lot!
